HIGHLIGHTS: Senate committee reported bills to continue authority for emergency livestock loans and to authorize annual appropriations to reimburse CCC for net realized losses. House passed bill to continue use of surplus commodities to assist underdeveloped areas (Title II of Public Law 480). Sen. Miller criticized farm bill.

## SENATE

1. THE AGRICULTURE AND FORESTRY COMMITTEE reported the following bills: p. 11224  
  S. 763, without amendment, to authorize annual appropriations to reimburse CCC for net realized losses sustained during any fiscal year in lieu of annual appropriations to restore capital impairment based on annual Treasury appraisals (S. Rept. 506);  
  S. 1710, with amendment, to continue authority for emergency livestock loans (S. Rept. 503);  
  S. 1873, without amendment, to permit CCC commodities donated for use in home economics courses to also be used under certain circumstances for training college students (S. Rept. 504); and  
  S. 1107, with amendment, to continue the exemption of production of Durum wheat in portions of Modoc and Siskiyou Counties, Calif., from acreage allotments and marketing quota restrictions (S. Rept. 505).
2. FARM PROGRAM. Sen. Miller criticized the proposed omnibus farm bill, particularly the provisions providing for the establishment of national marketing

orders for marketing quotas for specified agricultural commodities. He expressed concern that enactment of the bill would require "thousands and thousands of new Federal employees who would be added to the Federal payroll to police this program," and inserted an article "stating that the emergency feed grains checkers are going to cost around \$3,500 at least for each of the 99 counties in Iowa, or up to a half million dollars for my State alone." pp. 11304-5

The "Daily Digest" states that the Agriculture and Forestry Committee "continued its executive consideration of S. 1643, proposed Agricultural Act of 1961, and agreed to make cherries and cranberries for canning or freezing eligible for marketing orders; and disapproved a provision making all other fruits and vegetables for canning or freezing so eligible." p. D544

Sen. Carlson inserted a resolution from the Pumpkin Creek, Kan., Farmers Union local favoring enactment of the omnibus farm bill, S. 1643. pp. 11223-4

3. EDUCATIONAL EXCHANGES. Continued debate on S. 1154, to provide for the improvement and strengthening of the educational and cultural exchange program (pp. 11261-78, 11292). By a vote of 17 to 71, rejected a motion by Sen. Dirksen to recommit the bill to the Foreign Relations Committee for further consideration (pp. 11261-71). Agreed to the committee amendments en bloc and the bill as amended is to be considered as original text for the purpose of further amendment (pp. 11271-7).
4. LIVESTOCK INDUSTRY. Sen. Hruska inserted resolutions adopted by the Nebr. Stock Growers Assoc. on various matters, including opposition to enactment of the omnibus farm bill, protection of the domestic livestock industry from excessive imports of foreign meats and livestock, eradication of brucellosis, closer supervision of interstate transactions of livestock buyers and sellers, greater promotion efforts for the sale of beef and beef products, and support for enactment of legislation for the protection of wilderness areas. pp. 11247-9
5. FOREIGN AID. Sen. Cooper inserted two articles urging support for the enactment of the President's foreign aid program. pp. 11231-2
6. FOREIGN TRADE. Sen. Javits spoke on the need "for reformulation of U. S. trade policy to meet the mortal challenge to U. S. free world leadership during the decade of the 1960's," and inserted several items on this subject. pp. 11249-61

#### HOUSE

7. APPROPRIATIONS. Conferees were appointed on H. R. 7444, the Department of Agriculture appropriation bill (p. 11307). Senate conferees have already been appointed.  
The Appropriations Committee reported H. R. 8072, making appropriations for the government of the District of Columbia for 1962 (H. Rept. 686). p. 11379
8. CENTENNIALS. Passed over without prejudice H. J. Res. 435, to provide for recognition of the centennial of the establishment of the Department of Agriculture, and H. J. Res. 436, to provide for recognition of the centennial of the establishment of the national system of land-grant universities and colleges. p. 11313
9. FARM PROGRAM. Rep. Curtis, Mo., inserted a statement of the American Farm Bureau Federation before the Senate Agriculture and Forestry Committee on S. 1643, the omnibus farm bill, saying in part, "A change in the direction of agricultural policy is long overdue, but the changes proposed in S. 1643 go in the wrong direction." pp. 11368-73

## USE OF SURPLUS FOOD IN HOME ECONOMICS CLASSES

JULY 10, 1961.—Ordered to be printed

Mr. JOHNSTON, from the Committee on Agriculture and Forestry,  
submitted the following

### R E P O R T

[To accompany S. 1873]

The Committee on Agriculture and Forestry, to whom was referred the bill (S. 1873) to amend the act entitled "An act to authorize the Commodity Credit Corporation to donate dairy products and other agricultural commodities for use in home economics courses," approved September 13, 1960 (74 Stat. 899), in order to permit the use of donated foods under certain circumstances for training college students, having considered the same, report thereon with a recommendation that it do pass without amendment.

This bill would permit the use of certain surplus foods in training college students in home economics in schools where such foods are now authorized to be used in training students of less than college grade in such subject.

#### DEPARTMENTAL VIEWS

DEPARTMENT OF AGRICULTURE,  
*Washington, D.C., June 26, 1961.*

HON. ALLEN J. ELLENDER,  
*Chairman, Committee on Agriculture and Forestry,*  
*U.S. Senate.*

DEAR SENATOR ELLENDER: This replies to your request of May 17 for a report on S. 1873, a bill to amend the act entitled "An act to authorize the Commodity Credit Corporation to donate dairy products and other agricultural commodities for use in home economics courses," approved September 13, 1960 (74 Stat. 899), in order to permit the use of donated foods under certain circumstances for training college students.

We recommend enactment.

S. 1873 would amend Public Law 86-756 which now authorizes schools of high school grade or under receiving surplus food for school lunch purposes to use such foods in training students in home economics. S. 1873 provides that such schools also could use the donated surplus foods to train college students if the same facilities and instructors are used for training both high school and college students in home economics.

S. 1873 would not enlarge the number or types of schools that would be eligible to receive surpluses for use in home economics training. Therefore, we believe the bill would have a very limited application, probably where a community junior college is operated in close connection with the high school. It may use many of the high school facilities and instructors and some classes may contain both high school and junior college students. Because of this limited impact, together with the obvious operating difficulties where both college and high school students may be in the same classes, we would not object to the enactment of this bill.

The Bureau of the Budget advises that there is no objection to the presentation of this report from the standpoint of the administration's program.

Sincerely yours,

(S) ORVILLE L. FREEMAN, *Secretary.*

#### CHANGES IN EXISTING LAW

In compliance with subsection (4) of rule XXIX of the Standing Rules of the Senate, changes in existing law made by the bill, as reported, are shown as follows (existing law proposed to be omitted is enclosed in black brackets, new matter is printed in italic, existing law in which no change is proposed is shown in roman):

AN ACT To authorize the Commodity Credit Corporation to donate dairy products and other agricultural commodities for use in home economics courses

*Be it enacted by the Senate and House of Representatives of the United States of America in Congress assembled,* That schools receiving surplus foods pursuant to clause (3) of section 416 of the Agricultural Act of 1949 (7 U.S.C. 1431) or section 32 of the Act of August 24, 1935, as amended (7 U.S.C. 612c) are authorized to use such foods in training students in home economics *including college students if the same facilities and instructors are used for training both high school and college students in home economics courses.*

something about it—talk about lend-lease and armament—forget that and look into things like this. Here is where the Communists are working mostly, homosexuals and pinks. Please, please do something about this.

Respectfully,

NATHALIE R. PEFFERS,  
Mrs. Harold Peffers.

Attached to the letter is a clipping from a Connecticut newspaper. The clipping reads as follows:

#### DOUBLE BILL AT WESTPORT

Adlai Stevenson just had a rough time in South America.

And now the Laurence Henry Co. (Laurence Feldman and Henry Weinstien) are dispatching the New York Repertory Co. into that area.

Two of the plays that will be in the repertory were displayed last night at the Westport Country Playhouse—"The Zoo Story" and "Miss Julie."

If a man of Stevenson's stature found it rough going, it seems to me that these two plays (the company has others in its repertory) are poor selections.

"The Zoo Story," by Edward Albee, is strictly a conversational piece between two characters. William Daniels and Ben Piazza carry on the long flow of talk that ranges from homosexuals to dogs. At times it is smart and witty but generally it is just long-winded. However, the acting is good with Piazza getting the best of the long one-acter.

Viveca Lindfors has to struggle to keep "Miss Julie" entertaining. And she does well, considering the load she has to carry. It is a terribly dated show taking place around the turn of the century in a country estate in Sweden and involves a one-night affair between a girl and her father's valet. Morgan Sterne plays the valet and Betty Field is lost as a maid.

The two plays will be at Westport through Saturday night. On Thursday and Friday afternoons there will be performances of "I Am a Camera," which will be part of the troupe's repertory.

Mr. BUSH. Here is another letter on the same subject:

I understand after attending the theater (Westport Playhouse) this week a certain drama group will present the filthy plays "Miss Julie" and "The Zoo Story" to the Argentine people. At this time we are in need of prestige. These plays to my judgment do not represent America as I know it. What is the matter with our people? Is our morale at this low level?

Again, I have another letter. I ask unanimous consent that this letter and the letter from which I just read be printed in the RECORD at the conclusion of my remarks.

The PRESIDING OFFICER. Without objection, it is so ordered.

(See exhibits 1 and 2.)

Mr. BUSH. I read from that letter:

DEAR SENATOR BUSH: Wednesday I went to the Westport Playhouse to see two plays that are going to South America on a Pan American good-will tour. Enclosed is a piece from the Bridgeport Post.

That is the clipping I have already spoken of and asked to have printed in the RECORD.

At least 50 people walked out of the theater and many said they would write to Washington to stop such filth going to South America. It depicts the worst side of U.S. life. It was the story of a degenerate—filthy and boring—it would do our country much harm.

I am not a prude and never wrote a letter like this before but please investigate.

Yours truly,

KATHERINE B. WILSON.

Of Southport, Conn.

I appreciate that this is not a bill on which we can legislate matters of this kind, but I was distressed to learn from the Department of State that the company referred to is to take these two plays to Latin America—Buenos Aires, Montevideo, Rio de Janeiro, and Sao Paulo in Brazil. These stops are to be made between July 11 and August 15.

The PRESIDING OFFICER. The time of the Senator has expired.

Mr. BUSH. May I have another 3 minutes?

Mr. MUNDT. I yield 3 more minutes on the bill to the Senator from Connecticut.

Mr. BUSH. I mention this appropos of the Senator's amendment, which has to do with the appointment of the commission, because I believe that if an advisory commission on international, educational, and cultural affairs is to be established to replace the United States Advisory Commission on Educational Exchange, this is the type of thing that should come under the purview of that Commission, and such a commission should feel some responsibility to recommend legislation to Congress to stop exporting the very worst depictions of American life, which present our people as being morally depraved.

Mr. MUNDT. Mr. President, will the Senator yield?

Mr. BUSH. I yield.

Mr. MUNDT. If my amendment prevails and there is representation of both political parties on the commission, every member on every side can have somebody to whom he can go when matters of this kind come to his attention.

Mr. BUSH. I do not doubt it. I do not doubt that, with or without the amendment, the plea would not fall on deaf ears. I believe anyone worthy to serve on that commission, of whatever party affiliation, or if he had none, would feel some sense of responsibility in connection with the matters about which I am talking.

I think we realize, from reports we have had, from books we have read, the export of many of our motion pictures has done us irreparable harm in countries. When we are permitting the continuation of the export of this type of entertainment, which purports to give a picture of American life, we are offsetting the good that comes from cultural exchange programs.

Can anyone imagine the Russians sending to this country the types of plays we are talking about? They send us ballets, dancers, musicians of the best quality. Those they present to us are considered, and probably do, represent the best side of their cultural life. Yet we take no steps to prevent the export of the worst side of our cultural life, in spite of all the State Department can do.

I have talked with the head of the USIA, Ed Murrow, privately. He said there is nothing we can do under existing law to stop or prohibit the export of

this kind of entertainment. It is done privately, and he has no authority to hinder, delay, or affect this type of travel by American entertainers.

The PRESIDING OFFICER. The time of the Senator has expired.

Mr. BUSH. Mr. President, may I have 2 more minutes?

Mr. MUNDT. I wonder if the distinguished Senator from Arkansas would yield some time to the Senator from Connecticut?

Mr. FULBRIGHT. Mr. President, I yield 2 minutes to the Senator from Connecticut.

Mr. BUSH. I thank the Senator.

In permitting the export of this type of entertainment without restraint, we go a long way toward vitiating and liquidating the efforts of Ed Murrow and the USIA and the effect of the cultural exchange programs we are talking about today.

My plea is not for an amendment to the bill today, but it is that it not fall on deaf ears, and that if we do establish the Commission which is proposed, the plea I make should come before the Commission. I intend to call it to the attention of the Commission. I believe it should study the whole problem and see whether or not it is worthwhile to recommend legislation which will give the State Department or the USIA some authority to prevent travel and entertainment that will serve only to liquidate the good work that is being done all over the world at the taxpayers' expense.

I think the export of filthy and immoral performances as being representative of U.S. life is shameful. I think the time has come for the Government to take a hand in the problem to see what can be done to control it.

I thank both the Senator from South Dakota and the Senator from Arkansas for yielding time to me.

#### EXHIBIT 1

DEAR MR. BUSH: I understand after attending the theater (Westport Playhouse) this week a certain drama group will present the filthy plays "Miss Julie" and "The Zoo Story" to the Argentine people. At this time we are in need of prestige. These plays to my judgment do not represent America as I know it. What is the matter with our people? Is our morale at this low level?

Thank you again.

Mrs. L. R. CLASE.

#### EXHIBIT 2

JULY 6, 1961.

Hon. PRESCOTT BUSH,  
Washington, D.C.

DEAR SENATOR BUSH: Wednesday I went to the Westport Playhouse to see two plays that are going to South America on a Pan American good will tour. Enclosed is a piece from the Bridgeport Post.

At least 50 people walked out of the theater and many said they would write to Washington to stop such filth going to South America. It depicts the worst side of U.S. life. It was the story of a degenerate, filthy and boring. It would do our country much harm.

I am not a prude and never wrote a letter like this before but please investigate.

Yours truly,

KATHERINE B. WILSON.

## ORDER OF BUSINESS

Mr. MANSFIELD. Mr. President, will the Senator yield 1 minute to me?

Mr. FULBRIGHT. I yield 1 minute to the majority leader.

Mr. MANSFIELD. I ask unanimous consent that, despite the unanimous consent under which we are operating, the Senate lay aside the pending business and that I may call up Calendar No. 472, Senate bill 1873. I do so because of the grave drought and grasshopper situation in the Northwestern part of the country.

Mr. FULBRIGHT. Mr. President, reserving the right to object, may I ask the Senator how long it will take?

Mr. MANSFIELD. One minute.

Mr. FULBRIGHT. For 1 minute?

Mr. MANSFIELD. Yes.

Mr. FULBRIGHT. With that understanding, I have no objection.

Mr. MUNDT. Mr. President, reserving the right to object, and I shall not object, I may say that if it takes 4 or 5 minutes, it is worthwhile. The bill was reported by our agriculture committee unanimously, and I am happy to yield.

Mr. MANSFIELD. This is not a bill that was reported this morning. It was reported yesterday.

Mr. DIRKSEN. Mr. President, if the majority leader will yield, it is a 2-year extension of the livestock loan bill, in which so many Senators representing Western States are interested. I made inquiry this noon, and I understood there was no objection in the Committee on Agriculture and Forestry, nor in its immediate consideration, since it is urgent and the time limit may be imposed very shortly.

Mr. AIKEN. Mr. President, if the Senator will yield, the bill was unanimously reported by the committee. There appears to be a need for it. It carries out legislation which was in effect 2 years ago. There was no need for it in the last 2 or 3 years, but there is now.

Mr. CASE of South Dakota. Mr. President, reserving the right to object, does this bill deal with livestock loans or grasshoppers, or just what situation?

Mr. MANSFIELD. This is a bill to authorize the Commodity Credit Corporation to donate dairy products and other agricultural commodities for use in home economics courses.

The other bill to be considered today is the livestock loan bill, which would authorize the Secretary of Agriculture to make emergency livestock loans under such act to July 14, 1963.

Mr. CASE of South Dakota. Both of these measures are emergency matters and should be adopted. Another bill was referred to by my colleague.

Mr. MANSFIELD. That bill was approved favorably today by the Agriculture and Forestry Committee, and is not on the calendar.

Mr. CASE of South Dakota. But may we have the assurance of the distinguished majority leader that it may be considered promptly tomorrow?

Mr. MANSFIELD. The Senator has the assurance of both the minority leader and myself that it will be called up promptly.

Mr. CASE of South Dakota. So the bill on payments to drought disaster areas will be considered tomorrow?

Mr. MANSFIELD. Yes; if it is on the calendar. I want to say for the RECORD that the Senator from South Dakota [Mr. CASE], along with the other Senators who joined in the proposal, has been a staunch advocate of this program.

Mr. CASE of South Dakota. I thank the Senator. I thought this relief should have been permitted under the original emergency legislation, but it is special legislation and it should be adopted.

## DONATION OF DAIRY AND OTHER AGRICULTURAL PRODUCTS

The PRESIDING OFFICER. The bill will be stated by title.

The LEGISLATIVE CLERK. A bill (S. 1873) to amend the act entitled "An act to authorize the Commodity Credit Corporation to donate dairy products and other agricultural commodities for use in home economics courses," approved September 13, 1960 (74 Stat. 899), in order to permit the use of donated foods under certain circumstances for training college students.

The PRESIDING OFFICER. Is there objection to the request of the Senator from Montana to proceed to the consideration of Calendar No. 472, S. 1873?

There being no objection, the bill was considered, ordered to be engrossed for a third reading, read the third time, and passed, as follows:

*Be it enacted by the Senate and House of Representatives of the United States of America in Congress assembled, That the Act entitled "An Act to authorize the Commodity Credit Corporation to donate dairy products and other agricultural commodities for use in home economics course", approved September 13, 1960 (74 Stat. 899), is amended by striking out the period at the end of such Act and inserting in lieu thereof a comma and the following: "including college students if the same facilities and instructors are used for training both high school and college students in home economics courses."*

Mr. MANSFIELD. Mr. President, will the Senator yield to me again?

Mr. FULBRIGHT. Mr. President, I yield to the Senator from Montana.

## EMERGENCY LIVESTOCK LOANS

Mr. MANSFIELD. Mr. President, I move that the Senate proceed to the consideration of Calendar No. 471, S. 1710.

The PRESIDING OFFICER. The bill will be stated by title for the information of the Senate.

The LEGISLATIVE CLERK. A bill (S. 1710) to amend the act of April 6, 1949, as amended, so as to authorize the Secretary of Agriculture to make emergency livestock loans under such act until July 14, 1963 and for other purposes.

The PRESIDING OFFICER. The question is on agreeing to the motion of the Senator from Montana.

The motion was agreed to; and the Senate proceeded to consider the bill (S. 1710) to amend the act of April 6, 1949, as amended, so as to authorize the Secretary of Agriculture to make emer-

gency livestock loans under such act until July 14, 1963, and for other purposes, which had been reported from the Committee on Agriculture and Forestry, with amendments, on page 1, line 7, after the word "Until", to strike out "July 14, 1963" and insert "December 31, 1961", and on page 2, line 3, after the word "thereof", to strike out "July 14, 1967" and insert "December 31, 1961"; so as to make the bill read:

*Be it enacted by the Senate and House of Representatives of the United States of America in Congress assembled, That (a) section 2(c) of the Act of April 6, 1949, as amended (12 U.S.C. 1148a-2(c)), is amended by striking out at the beginning of the first sentence, "For a period of four years from the effective date of this subsection", and inserting in lieu thereof, "Until December 31, 1961,".*

*(b) Section 2(c) of such Act is further amended by striking out in the second sentence thereof "July 14, 1961", and inserting in lieu thereof "December 31, 1961".*

Mr. HOLLAND. Mr. President, the bill is of immediate and of very great importance in the livestock areas where the drought is now pressing very hard. The bill was reported unanimously by the Committee on Agriculture and Forestry with a request for immediate passage.

As a brief statement, the bill, with the committee amendments, would revive the authority to make emergency livestock loans until December 31, 1961, and would extend the authority to make supplementary advances to borrowers under the program until December 31, 1961. I know of no objection at all to passage of the bill.

Mr. CASE of South Dakota. Mr. President, will the Senator yield?

Mr. HOLLAND. I am sure that Senators on both sides of the aisle in the committee felt this was an emergency measure. I hope the bill will be passed.

Mr. CASE of South Dakota. Will the Senator yield to me, Mr. President, for one question?

Mr. HOLLAND. I yield.

Mr. CASE of South Dakota. Under the extension, will there be a limitation to areas which have been designated as disaster areas?

Mr. HOLLAND. No. The bill would simply authorize the Secretary to again make emergency livestock loans. The law has never applied except in emergency cases.

Mr. CASE of South Dakota. I thank the Senator. I hope the bill will be approved.

The PRESIDING OFFICER. The question is on agreeing to the first committee amendment.

Mr. MANSFIELD. Mr. President, I move that the committee amendments be considered and agreed to en bloc.

The PRESIDING OFFICER. The question is on agreeing to the motion of the Senator from Montana.

The motion was agreed to.

Mr. MANSFIELD. Mr. President, I ask unanimous consent that a statement by the Senator from Utah [Mr. Moss], the author of the bill, relative to his position on the bill, may be printed in the RECORD.

## DONATIONS FOR COLLEGE HOME ECONOMICS CLASSES

---

AUGUST 10, 1961.—Committed to the Committee of the Whole House on the State of the Union and ordered to be printed

---

Mr. COOLEY, from the Committee on Agriculture, submitted the following

### R E P O R T

[To accompany S. 1873]

The Committee on Agriculture, to whom was referred the bill (S. 1873) to amend the act entitled "An act to authorize the Commodity Credit Corporation to donate dairy products and other agricultural commodities for use in home economics courses," approved September 13, 1960 (74 Stat. 899), in order to permit the use of donated foods under certain circumstances for training college students, having considered the same, report favorably thereon without amendment and recommend that the bill do pass.

#### PURPOSE

The purpose of this bill is to amend Public Law 86-756 to allow the use of certain surplus foods in training a limited number of college students in home economics. Only colleges which utilize the same facilities and instructors as the high schools now eligible for these donations would be eligible under this legislation.

#### COST

Because of the very limited application of this legislation, the committee anticipates very little additional cost for the donation of these surplus foods.

#### NEED AND DEPARTMENTAL POSITION

The Senate report, which is appended hereto and made a part of this report, further explains the need for this legislation and the position of the Department of Agriculture.

[S. Rept. 504, 87th Cong., 1st sess.]

The Committee on Agriculture and Forestry, to whom was referred the bill (S. 1873) to amend the act entitled "An act to authorize the Commodity Credit Corporation to donate dairy products and other agricultural commodities for use in home economics courses," approved September 13, 1960 (74 Stat. 899), in order to permit the use of donated foods under certain circumstances for training college students, having considered the same, report thereon with a recommendation that it do pass without amendment.

This bill would permit the use of certain surplus foods in training college students in home economics in schools where such foods are now authorized to be used in training students of less than college grade in such subject.

#### DEPARTMENTAL VIEWS

DEPARTMENT OF AGRICULTURE,  
*Washington, D.C., June 26, 1961.*

HON. ALLEN J. ELLENDER,  
*Chairman Committee on Agriculture and Forestry,*  
*U.S. Senate.*

DEAR SENATOR ELLENDER: This replies to your request of May 17 for a report on S. 1873, a bill to amend the act entitled "An act to authorize the Commodity Credit Corporation to donate dairy products and other agricultural commodities for use in home economics courses," approved September 13, 1960 (74 Stat. 899), in order to permit the use of donated foods under certain circumstances for training college students.

We recommend enactment.

S. 1873 would amend Public Law 86-756 which now authorizes schools of high school grade or under receiving surplus food for school lunch purposes to use such foods in training students in home economics. S. 1873 provides that such schools also could use the donated surplus foods to train college students if the same facilities and instructors are used for training both high school and college students in home economics.

S. 1873 would not enlarge the number or types of schools that would be eligible to receive surpluses for use in home economics training. Therefore, we believe the bill would have a very limited application, probably where a community junior college is operated in close connection with the high school. It may use many of the high school facilities and instructors and some classes may contain both high school and junior college students. Because of this limited impact, together with the obvious operating difficulties where both college and high school students may be in the same classes, we would not object to the enactment of this bill.

The Bureau of the Budget advises that there is no objection to the presentation of this report from the standpoint of the administration's program.

Sincerely yours,

(S) ORVILLE L. FREEMAN, *Secretary.*

## CHANGES IN EXISTING LAW

In compliance with clause 3 of rule XIII of the Rules of the House of Representatives, changes in existing law made by the bill, as introduced, are shown as follows (existing law proposed to be omitted is enclosed in black brackets, new matter is printed in italic, existing law in which no change is proposed is shown in roman):

AN ACT To authorize the Commodity Credit Corporation to donate dairy products and other agricultural commodities for use in home economics courses

*Be it enacted by the Senate and House of Representatives of the United States of America in Congress assembled,* That schools receiving surplus foods pursuant to clause (3) of section 416 of the Agricultural Act of 1949 (7 U.S.C. 1431) or section 32 of the Act of August 24, 1935, as amended (7 U.S.C. 612c) are authorized to use such foods in training students in home economics *including college students if the same facilities and instructors are used for training both high school and college students in home economics courses.*
